EDUCATION

University of Michigan — Ann Arbor, MI
Bachelor of Science in Computer Science — *Aug. 2020 - Present*

University of Michigan — Dearborn, MI
Bachelor of Science in Computer Science — *Jan. 2020 - Apr. 2020*

EXPERIENCE

Team Member — January 2022 – Present
Panera Bread — *Ann Arbor, MI*

- Bagged and prepared items for customers from the bakery and barista stations
- Accurately entered customer orders into the POS system
- Ensured a clean working and eating environment throughout the day
- Provided training support for new team members as needed

Delivery Driver — Dec. 2019 – Aug. 2023
DoorDash — *Ann Arbor, MI*

- Delivered food to customers in a timely, safe manner
- Shared order updates with customers
- Multitasked to keep up with orders and remain safe on the road

PROJECTS

CSE Simulator | *Unreal Engine, Adobe Photoshop, Audacity, Git* — Jan. 2023 – Feb. 2023

- Worked with a partner to develop a simulation of a real life location, BBB 1695 with a few creative liberties
- Used Adobe Photoshop to create various textures, including a tiled floor generated from a real photo
- Combined free assets from Unreal Engine Marketplace, freesound.org, and sketchfab.com to create a fun, immersive environment

A2 Go | *Unity, C#, Mapbox SDK* — Feb. 2023 – Mar. 2023

- Worked with a team to develop a Pokémon Go style AR game with real-time location updates and battles
- Implemented a currency, shop, and inventory system to create a sense of progression
- Utilized Mapbox SDK for Unity to place the game's elements in real locations

RGB Bot | *Python, Pycord* — May 2023

- Programmed a very simple Discord bot that sets a user's color using a custom role
- Processed hexadecimal input for each role's color

TECHNICAL SKILLS

Languages: Java, Python, C/C++, C#, Bash, JavaScript, HTML/CSS
Developer Tools: Git, VS Code, Eclipse, Unity, Unreal Engine
Libraries: pandas, NumPy, Matplotlib, Spigot API
